

PRESS RELEASE

The name Falck back on the stock market after 9 years ***Actelios SpA changes its name to Falck Renewables SpA***

Milan, 16 November 2010., Falck Renewables SpA has been established yesterday, 15 November, following to the implementation of the project for the consolidation of all renewable energy production businesses of Falck Group into Actelios SpA, after being duly registered in the Milan Official Business Register.

Through Falck Renewables SpA, Falck historical brand is back on the stock market in which it was present from the '60s to the early 2000s.

The company, operating plants for an installed capacity of 480 MW, produces wind, photovoltaic, biomass and waste-to-energy power with the aim to reach a capacity of approximately 1,100 MW in 2014, becoming one of the leading renewable players in Europe.
